E³ provides a pathway for individuals to **Emerge**, whether it be academic opportunities at a community college or vocational interests tailored to the individual. This allows young adults to **Expand** by allowing them to stretch and learn new skills that will help build individual success.

E³ maintains a downtown location in Torrington, CT geared to helping individuals **Evolve** and find their path in life with the aid of transition staff teaching critical supportive strategies. The hub is close to restaurants, retail stores, the Warner Theater and countless avenues for community involvement, internships and paid job positions for young adults.
